

In approximately one week you will have a science quiz. The quiz will be paper and pencil, however the questions will be read orally and support will be provided as required. Below you will find a copy of the quiz. Please use our science webpage if you need help to study for your quiz. If you are having any trouble, please e-mail me so that I can help.

1. Put the pictures in order to make a sequence: {Lesson 2}
2. What do you call a sequence that repeats itself? {Lesson 2}
3. Do the sun and the moon follow a sequence or a cycle? {Lesson 5 – Discussed in class, answer is cycle}
4. Circle the daytime words: {Lesson 5 – Same list of 9 words will be used}
5. What is an activity we do in the daytime? {Lesson 6}
6. What is an activity we do in the night time? {Lesson 6}
7. Put the four seasons in order: {Lesson 10 – Discussed during multiple lessons}
8. Do the seasons follow a sequence or a cycle? {Lesson 11 - Discussed in class, answer is cycle}
9. Draw a line to match the season to the description. {Lesson 11}
10. Explain how the amount of light and heat changes throughout the day. {Lesson 7} Why does it change? {Lesson 9}
