

Name: _____

Date: _____

States of Matter

There are three states of matter: solid,
liquid, and gas.

All matter is made of particles.

In a solid the particles are very close together,
and move very slowly.

In a liquid the particles are far apart, and move
fast.

In a gas the particles are very far apart, and
move very quickly.

liquid	particles
far	very
close	solid
slowly	gas
fast	apart
