

Plants and You

Name: _____

Get Started

Plants grow all over the world. People rely on plants. In fact, we are so used to the ways we use plants that sometimes we don't notice them. See if you can find ways plants are used in this picture.

Work On It

1. Look at this picture. Make a list of the different ways people use plants.

Start with ideas from the picture and then add other ideas of your own.
